TESTS

On 24 October 1968, I saw Dr. Daly of the Bio-chemistry Laboratory of [redacted] Hospital for [redacted] tests. [redacted] Dr. Hodes, sent me to Daly as a private patient, as [redacted] practice is not to take these tests unless the patient's condition seems to be worsening. My doctor thought I showed no signs of a recurrence of [redacted] and the normal practice would have been, at most, for me to have been examined by the specialist at the hospital, who might then decide to ask for the tests.

Daly said that all required tests, except the [redacted] would be done. He said he thought the [redacted] unnecessary unless the others indicated negative factors. In which case, he said he would ask me to come in again for that test.

Daly will send me the results of the tests and his bill c/o American Express, [redacted] within a week.

<p>1. After considering several alternatives and given [redacted]/1's lack of financial forward planning, LCPIPIT believes that it would be beneficial and advantageous for WOPIRM to offer to subsidize a portion of an overt life insurance program designed to give him both life insurance and a cash value toward retirement. 1. On the basis of the documentation submitted under reference dispatch, the Medical Staff feels that [ ]/1 made a surprisingly fast recovery and seems well on the way to complete health. However, the hospital report (a quick translation of which into English is attached for your ready reference), dated as it is, still reflects some inconclusive levels in the results of the various chemical tests shown. Undoubtedly these have by now been lowered to completely safe levels, since [ ]/1 apparently felt well enough to travel to France, but the Medical Staff believes it would be advisable for [ ]/1 to undergo another [ ] to include the following:

2. In terms of our operational utilization of [redacted] /1 at this time, while they reserve finite comment until all the returns (per above) are in, the Medical Staff did stress the paramount importance of proper rest and of not over-taxing the strength of the agent, coupled with his strict adherence to regular, warm, balanced meals in accordance with the dietary restrictions usually imposed, and complete absence of alcohol, in order to prevent a relapso. So long as these caveats are adhered to, however, there is no reason why he could not make some more short trips during the next few months, if necessary. However, since he also has an office to set up and we would like him to concentrate on the [redacted] offer, perhaps it would be a good idea to keep those trips to a minimum for the time being.

3. The Medical Staff will be glad to review any further chemical tests per para. 1 above suggestions, or any others which his doctor may have already run.

What I had thought was a touch of [redacted] and the extreme fatigue I felt when I returned to [redacted] in July proved in time to have been acute infectious [redacted]. The disease -- which takes two to three weeks to develop -- was probably contracted in [redacted]. At least, I imagine so because my principal contact in [redacted] insisted on taking me to a number of local restaurants of dubious cleanliness to sample [redacted] delicacies.

[redacted] was diagnosed by a doctor in Komiza, Vis, where my family had been holidaying since the beginning of July, and I was hospitalized in the isolation section of Split Hospital (there is no hospital on Vis) on the 7th of August.

My [redacted] by one finger and [redacted] [redacted] indicated a fairly [redacted]. Treatment consisted of [redacted] with massive doses of vitamins.

I was put on a fat-free diet, which I have been told to follow for at least six months. Naturally, no alcohol.

On 20 August, I was released from the hospital, mainly because I was pestering the doctors to let me go. I was told to have # "absolute rest" for four to six weeks and to have another blood test within several weeks.

(Attached is the Yugoslav doctor's description of my case and treatment, with results of all [redacted]. It is written ~~in~~ in Serbo-Croatian.)

SUBJECT: ██████████ Illness

1. The following information was obtained by ██████████ from ██████████/1 at their meeting on 4 September 1968. It supplements the report which was submitted by ██████████/1 which deals with his recent hospitalization for ██████████

2. Toward the end of his ██████████ trip ██████████/1 had been feeling rather weak and nauseous, with no appetite. He was constipated, feverish and had gas pains. These symptoms persisted and after his return from ██████████ and on 6 August, while in Yugoslavia on vacation, ██████████/1 suffered from acute gas pains and vomiting. He was taken from Vis, where he was vacationing, to Split where he was hospitalized. The address of this hospital is:

Opa Bolnica  
Zarazni Odjel (Firule)  
Split, Yugoslavia

His doctor was Dr. Juraj FILIPOVIC.

3. ██████████/1's treatment was free inasmuch as he was able to show his British National Health Card and a reciprocity agreement exists between Britain and Yugoslavia.

4. ██████████/1 states that at no time did he receive narcotics nor was he ever unconscious. During his stay in the hospital a young British youth (Derek WHITTAKER, age 19, from Shoreham-by-Sea, Surrey) was in his ward suffering from food poisoning.

## International news & features

Opia Bolnica  
Zarneni Odjel  
(Firale)  
Split  
Yugoslavia  
13 August 1968.

Dear Mr. [Redacted]

Unexpectedly, I found myself in the hospital in Split, Yugoslavia, on the 1st of August, confined to the isolation ward with a fairly rough case of [Redacted] undoubtedly picked up in [Redacted] (They tell me the incubation period is about 3 weeks.) In any case, I am hoping to be released from here in another 10 or 15 days at the most. The treatment is good and seems thorough. My biggest problem was originally linguistic. I did speak with the doctors, who know no English, in German or Italian, but my knowledge of Serbo-Croatian has increased steadily with the [Redacted] and [Redacted] of [Redacted] etc.

The agency behind this note is, though gone, to inform the firm of my condition. I hope to return to [Redacted] - without many, if any, days on the beach - as planned, but I am told that I should restrict my activities physically for another month. There are many things to do in [Redacted] and on the Continent, but I regret not being able to undertake the conference assignment in September. At

least, I do not think my strength will be sufficiently restored for that count. Anyway, we shall see...

Fortunately, my family is on Vis, an island 5 hours boattride from Split, and have not had their vacation completely ruined because of me. Since this is an isolation hospital for

[redacted] no visitors are allowed and there is no temptation or urgency on my wife to make that lengthy crossing just to see me. For me, also, my holiday on the beach in the sun has simply turned into lying on my back in a hot room, but it could be worse and I hope to be up and about in the next week or two, at worst. I feel certain that I will be able to meet all my minor commitments in [redacted] and elsewhere at the beginning of September, but wanted to draw the firm's attention, as soon as possible, to my possible inability to handle another big assignment immediately.

Very sincerely yours,

REVISED MEMORANDUM OF ORAL COMMITMENT

1. [ ]/1 collaborates with WOFIRM as a Field Agent who provides certain services of a confidential nature. He has received a Provisional Operational Approval, dated 28 MAY 66. Financial aspects of his activity are charged to approved Project [ ]

2. [ ]/1's employment by WOFIRM, which began 1 June 1965, was originally formalized by a Letter of Agreement for a period of three months, replaced by a Memorandum of Oral Commitment dated 1 September 1965. Under this MOC, which remains in effect (as amended) since that date, [ ]/1's employment continues on a month-to-month basis. It can be terminated by either party on a 30-day notice.

3. [ ]/1 receives the following financial entitlements:

a. Compensation so computed as to give [ ]/1 a "tax-free" income of \$800 per month (this figure effective 1 July 1967).

NOTE: The actual breakdown of [ ]/1's finances as carried on WOFIRM's books is \$800 monthly salary and \$70 per month tax supplement withheld at Headquarters to discharge [ ]/1's WOLADY tax obligation. These taxes are remitted through the Covert Tax Committee. This procedure was devised to honor the original "tax free" commitment made at the time of his recruitment and at the same time to fulfill the requirement that all WOLADY citizens pay taxes on funds received from LNFORT.

b. Reimbursement for operational expenses and travel unless these are paid by other sources in which case WOFIRM will offset such outside reimbursement against WOFIRM financial obligations to [ ]/1. Since security considerations preclude processing of detailed accountings for miscellaneous operational expenses, and as an added inducement to [ ]/1 in connection with his obtaining certain confidential information of interest to WOFIRM, a small operational payment, as authorized by Chief, LCPIPIT will be made to [ ]/1 for each day during which he is required to be absent from his home on confidential business.

NOTE: Write-off of the funds passed to [ ]/1 is to be effected on the basis of the procedure approved by Chief, LCPIPIT and COS/[ ] a copy of which is attached. This procedure is authorized in view of the security considerations applicable to [ ]/1 and the need to limit the knowledge of this operation within WOMACE.

c. [ ]/1 is authorized to receive a non-accountable office allowance of \$100 per month.

4. [ ]/1 will be compensated by WOFIRM in an amount mutually agreed upon for the relocation of himself and his family to a new residence if such relocation is considered desirable by him and WOFIRM. NOTE: This provision was included in [ ]/1's original Letter of Agreement and was retained in this MOC since it may be operationally desirable for [ ]/1 to accept employment with a target organization based elsewhere.

5. WOFIRM has arranged for a portion of [ ]/1's financial entitlements to be funded to him by QRPURE, which has also agreed to repatriate [ ]/1 to WOLADY. This has been done for operational reasons to enable [ ]/1 to qualify for foreign residence. Should QRPURE be obliged to honor this commitment, WOFIRM will guarantee this QRPURE commitment and will reimburse QRPURE for any costs incurred.

6. LCPIPIT is authorized to approve purchase by [ ]/1 of certain items of operational equipment which are to be non-accountable and which shall be charged against the operational expense category of approved Project [ ]

7. [ ]/1 signed a separate Secrecy Agreement (in true name) at the time of his original recruitment. He is aware that its provisions are still in effect.

8. [ ]/1 is aware that he may be required, from time to time, to undertake an SGSWIRL.

9. [ ]/1 is aware of all provisions of the Memorandum of Oral Commitment with the exceptions of paragraph 6, which describes an internal WOFIRM procedure; certain aspects of paragraph 3a--specifically that WOFIRM is paying LNFORT taxes in his behalf; and certain aspects of paragraph 3b--specifically the procedure for write-off of funds since this is an internal WOFIRM procedure.

**INLAND REVENUE MONOLOGUE (required)**

Until April of this year (1968), I lived mainly on assistance from my wife's family and occasional freelance journalism outside Britain. Also, I had some savings and investments in America and Switzerland to draw upon. My brother-in-law, [redacted] purchased a house at 32 Hartswood Road, Stamford Brook, London, W.12 for us -- the price of the house being considered a loan to be repaid over the years as is possible. My children's school fees were paid by covenant by my brother-in-law, as well as a grant in covenant to my youngest daughter.

I was not a legal resident of the U.K. until 8 April 1968, and on that date I began officially my duties as Overseas Representative and Correspondent for [redacted] [redacted] with a salary of \$300 per month.

MEMORANDUM FOR THE RECORD

SUBJECT: [ ]/1 FINANCES

1. This memorandum outlines a new procedure which is to be followed in the handling of the operational costs of field agent [ ]/1. This new procedure is being instituted in order to enhance the security and compartmentation of the handling of the administrative aspect of this project and parallels revisions in the handling of operational traffic. The new procedure which is discussed below is in accordance with accepted field procedures.

2. Currently [ ]/1 receives advances and accounts for these with detailed statements of expenses accompanied by true receipts, etc. These accountings and the accompanying receipts have been maintained in the LCPIPIT files. This system is to be changed. Henceforth monies for operational expenses are to be given to [ ]/1 by his handler (Career Agent Rufus F. RODIGAST) and will be carried on RODIGAST's accountings as operational expenses supported by receipts from [ ]/1 acknowledging receipt of the funds. This RODIGAST accounting and the [ ]/1 receipt will be used for write-off of the funds against approved project [ ]. No detailed accountings and no receipts carrying [ ]/1's true name are to be maintained in the LCPIPIT/Admin files.

3. It will be the responsibility of Chief, LCPIPIT and the project case officer to ensure that [ ]/1 is supplied with the funds necessary for the furtherance of the operation and to ensure that these amounts are carefully controlled to avoid overpayment. In discharging this responsibility the Chief, LCPIPIT may require [ ] to itemize the various expenses to be covered by the payments.

1. We appreciate LAGINSEPPA's effort to combine and bring up to date all commitments made to [ ] in a revised MOC, forwarded under REF A. We note that the following comments, geared to the paragraphs as numbered in the MOC, will help to further streamline the product:

a. Para. 1:

Please see Reference B, RYBAT dispatch.

b. Para. 2:

As indicated in the REF A covering dispatch, [ ]/1's initial employment began 1 June 1965, rather than the 1 September 1965 date given in the draft MOC. Since the effective date of his relationship with WOFIRM will one day be the basis for an equitable terminal settlement, or might assume other administrative significance, we suggest that the paragraph be amended to reflect this: [ ]/1's employment with WOFIRM which began 1 June 1965, was originally formalized by a Letter of Agreement for a period of three months, replaced by a Memorandum of Oral Commitment dated 1 September 1965. Under this MOC, which remains in effect (as amended) since that date, [ ]/1's employment continues on a month-to-month basis. It can be terminated by either party on 30-day notice."

## 3. Paragraph 2b:

From talking with RODIGAST, it would appear that the fine line of demarcation between [redacted]'s real "budget" and his "non-accountable exp" is so vague to him (if indeed he was ever fully aware of it in our own bureaucratic terms) as to be virtually non-existent. It is equally confusing and often non-recognizable in other administrative paper-trails (see FIVE C). In terms of the tax situation, the \$100 has already been adjudicated taxable and the 970 supplement has been computed as tax due on the \$600 total. We suggest, therefore, in the interest of administrative simplicity, that we convert the total \$600 to salary, and amend the MOC to reflect this.

## 4. Paragraph 3b:

A question came up concerning [redacted]'s per diem in connection with the three accountings which RODIGAST submitted for processing direct at Headquarters. Included were several operational lunches and dinners. [redacted] indicated he was leaving the computation of per diem due him up to Headquarters (we have allowed for 27 days @ \$20 per day). Since regulations state that we can only receive double compensation for any reimbursable expenditure, and [redacted]'s per diem by definition is supposed to cover food, etc., we will have to deduct 15% for each meal specifically claimed by him in his detailed accounting (i.e., \$3.00 per meal). This will be the subject of separate correspondence when the accountings are processed and we T/A the appropriate amount for credit to [redacted]'s account, but we raise it now as we are not certain as to LORPIT's intent or previous practice in this regard. The amount that [redacted] would be assessed is, of course, not very substantial, but if LORPIT feels [redacted] should receive greater financial assistance to further defray his personal as well as operational costs while in travel status, we suggest that this enabling paragraph be amended to permit greater flexibility in the establishment of the per diem amount. Now would be an appropriate time to amend the MOC to give Chief, LORPIT / [redacted] the authority to set [redacted]'s per diem at " . . . \$20 to \$30 per day during periods of authorized travel, amount to be set in advance by Chief, LORPIT [redacted]. Fifteen per cent will, of course, still need to be deducted from [redacted]'s accounting for every meal he correctly claims as an operational expense. As to travel which does not extend overnight, regulations only require that 50% be deducted from his per diem, rather than the 90% which, in effect, the \$10.00 represents. We leave it up to you as to which provision you wish included in the final MOC, but in any event we suggest that it be incorporated in the body of the paragraph, rather than set apart as a quotation from another document.

2. We have no further comments concerning the remainder of the MOC.

3. If you concur with the above suggestions, please resubmit an amended MOC which would also reflect these additional changes. We are sorry not to have been able to meet LORPIT's 15 October requested deadline, but press of business related to [redacted]'s WOLADY mission intervened.

MEMORANDUM FOR: CCS/NC

SUBJECT: ORPURE/[redacted]/1 Relationship

1. This will confirm our conversation of 18 September 1967, in which we discussed [redacted]/1's plan to visit ORPURE some time during the week of 25 September 1967, and you agreed to give ORPURE/2 prior warning of this visit. In accordance with the same conversation [redacted]/1 was briefed that his visit should be mainly a question of touching base with ORPURE, maybe a friendly luncheon with ORPURE/2 -- but that no substantive discussions affecting their ostensible relationship (i. e., amount of money, amount of [redacted]/1 production for ORPURE, etc.) were to take place. You were to brief ORPURE/2 along the same lines, and also to indicate to him that, contrary to our original thinking, we would now like to have [redacted]/1 given a [redacted] whenever ORPURE/2 feels he can do so.

2. In addition to the above, we would appreciate it if you would take up with ORPURE/2 (and/or ORPURE/1, as appropriate) the possibility of increasing the amount of money funded to [redacted]/1 via ORPURE. As indicated to you, we would like to increase the current \$100.00 monthly to \$300.00 monthly, but would like your careful examination with ORPURE principal(s) that this amount is not excessive either in terms of their willingness to handle or in terms of ORPURE's ostensible ability to cover.

3. Please also mention to ORPURE/2 our desire to have [redacted]/1 [redacted] and our thought of perhaps including ORPURE (along with other [redacted]) as a name on the door or on his letterhead. Would ORPURE/2 (or ORPURE/1) have any objections? Would he have any objections if any of the other names are of more [redacted] It would not be operationally feasible or desirable to let him know in advance which these would be, but since both

**REVISED MEMORANDUM OF ORAL COMMITMENT**

(Revised to include all changes and amendments operative as of 14 September 1967)

1. [ ]/1 is employed by WOFACT as an independent contractor for certain services of a confidential nature. He has received an Operational Approval, dated [ ]. Financial aspects of his activity are charged to Project [ ]

2. [ ]/1's employment under this agreement commenced 1 September 1965 and continues on a month-to-month basis. It can be terminated by either party on 30-day notice.

3. [ ]/1 receives the following financial entitlements:

a. Compensation so computed as to give [ ]/1 a "tax-free" figure of \$800 per month (this figure effective 1 July 1967). NOTE: The actual breakdown of [ ]/1's finances as carried on WOFACT books is \$700 monthly salary; \$100 non-accountable operational allowance; \$70 tax supplement withheld at HQS to discharge [ ]/1's WOLADY tax obligation. These taxes are remitted through the Covert Tax Committee.

b. Reimbursement for operational expenses and travel, unless these are reimbursed by other sources in which case WOFACT will offset such outside reimbursement against WOFACT financial obligations to [ ]/1. Since security considerations generally preclude the detailed accounting for miscellaneous travel expenses, per diem will be paid at the rate of \$20 per day during periods of authorized travel. This per diem authorization was qualified by a personal ruling of Chief of Station, [ ]/LCPIPIT dated 12 July 1965:

"If subject is absent from his home station on authorized travel for part of one day and returns to his home station the night of the same day (i.e. if no hotel expense is involved in the sense of overnight accommodations), then he shall be entitled to draw 1/2 of his authorized per diem of \$20 per day (i.e. \$10)."

NOTE: [ ]/1 has a revolving fund (advance) to assist in meeting operational and travel expenses.

**S E C R E T**

4. [ ]/1 will be compensated by WOFACT in an amount mutually agreed upon for the relocation of himself and his family to a new residence if such relocation is considered desirable by him and WOFACT. NOTE: This provision was included in [ ]/1's original Letter of Agreement and was retained in this MOC since it may be operationally desirable for [ ]/1 to accept employment with a target organization based elsewhere.

5. LCPIPIT is authorized to approve purchase by [ ]/1 of certain items of operational equipment which are to be non-accountable and which shall be charged against the operational expenses category of the budget attached to the FY 1968 project renewal.

6. [ ]/1 signed a separate Secrecy Agreement (in true name) at the time of his original recruitment. He is aware that its provisions are still in effect.

7. [ ]/1 is aware of all provisions of this Memorandum of Oral Commitment with the exception of paragraph 5, which describes an internal WOFACT procedure, and certain aspects of paragraph 3b, specifically that WOFACT is paying LNPORT taxes in his behalf. NOTE: He was promised tax-free compensation in his original recruitment and we have devised the current procedure to honor this commitment while fulfilling the requirement that all WOLADY citizens pay taxes on funds received from LNPORT.

We do have a copy of the Provisional Approval granted 23 May 1966 forwarded with OPLW - 1591, 7 July 1966. Possibly the relevant document was destroyed during the reduction of files attendant upon the LCPIPIT move, or possibly it was inadvertently not forwarded to LCPIPIT. At any rate we will appreciate being sent a copy.

2. We would also like to have a sterile version of the FY 68 Project Renewal as well as all other basic documents which ought to be available to LCPIPIT.

CONTINUING BRITISH IMMIGRATION PROBLEM

Returning to London from [redacted] on 10 July, I was again queried by British Immigration about my failure to register as a permanent resident. My excuse has always been that I did in fact go to the Home Office, but no action was ever taken because I rarely remained in the country more than a month. However, this tale is wearing thin and I fear that I may have much more serious trouble in the near future.

It would seem to me that the best solution might be to become the official [redacted] or any other outfit that might have me. I would need a letter to that effect and would require a notional salary of about \$5,000 per year, I believe, but even this might raise questions from the British Inland Revenue.

Some advice on this problem would be appreciated.

### NEGRO, IN PEKING, ACCUSES CUBANS

#### 'Vicious Smear' of China in 'Forged' Letter Charged

Robert F. Williams, an American Negro who is now a black nationalist spokesman in Peking, has charged that the Cuban regime of Premier Fidel Castro has counterfeited a newsletter he puts out and used the bogus periodical for "a vicious smear attack" on Communist China.

In the May issue of the newsletter, The Crusader, which has arrived here, Mr. Williams asserted that the "forged" version "carries a metered postmark that is available only for Cuban Government bulk mailing." He charged that the newsletter was put out by "the Cuban G-2," which he said was heavily infiltrated by the United States Central Intelligence Agency.

Mr. Williams left his home in Monroe, N. C., in 1951 and went to Cuba, where he advocated a "freedom struggle" for

Negroes in the United States. He left Cuba last year.

Another American Negro nationalist, Richard Gibson, in a current newsletter from London, describes Mr. Williams as "chairman-in-exile of the all-Black Revolutionary Action Movement (RAM) in the United States." Sixteen persons, who were said to be members of the revolutionary movement, were arrested in Queens last month on charges of having plotted to murder moderate Negro civil rights leaders.

The Crusader that Mr. Williams contended was mailed from Havana last month, has a headline, "China Betrays The Cuban Revolution," and has Mr. Williams saying that he was "deceived by the soft lies and subtle flattery" of Chinese Communist leaders. It goes on to say that Mao Tse-tung was now "old and sick and can no longer control his arrogant, power-mad underlings who, although acting in his name, have abandoned the people's revolution."

Mr. Williams' current Peking newsletter asserted that "African Americans should refuse to fight" in Vietnam. But it added that "those who are trapped into it" could "work among the troops to educate them to the true facts of life."

As advice to Negroes at home, the newsletter said:

"Revolutionaries must play it cool. Infiltrate the police and the master infiltrators, the CIA. We must learn to subvert him at his own expense while using his facilities to advance our cause of Black liberation."

On Monday, Workers World, a weekly here with a Trotskyist tendency, announced that it had obtained a statement from Mr. Williams denouncing the alleged murder plot here as a "frame-up."

"It is not my policy nor RAM's to kill condescending Uncle Toms," the statement said. "We are not an organization advocating pointless assassinations. We are dedicated freedom-fighters stressing armed self-defense. Our objective is to make America a just and decent place to live."

<p>1. The relationship between [ ]/1 and AMSQUAW/1 is a particularly important one from both the production and security points of view. AMSQUAW/1 has been a prolific and reliable reporter, especially on items dealing with the [ ] and it will be highly desirable for her to continue to serve in this capacity in the foreseeable future. It is recognized that AMSQUAW/1 is not a [ ] and that her personal willingness to serve as a [ ] of [ ]/1 is based upon a complex and inter-related series of reasons, both personal and ideological. [ ]/1 helped her out of a tight situation in [ ] and has befriended her since her arrival in [ ] for the last several months she has been living at his house. [ ]/1 has a very agreeable personality and is a genuinely likeable person. At the same time, although she is not an ideological person, she shares his [ ] ideological position and she has never questioned his explanation - that her reporting is for the [ ]. Lastly, we cannot and have not, overlooked the likelihood of a physical attraction between the two. In the last analysis it is impossible for us to state exactly what motivates her to act as a [ ]/1.</p> <p>2. It is quite possible for the relationship between [ ]/1 and AMSQUAW/1 to change at any time. MEMORANDUM FOR THE RECORD

SUBJECT: CILIBERTI Conversation with RNSLIVER 26 April Concerning His Meeting with [redacted]/1

1. On 25 April BASTEAR told me that RNSLIVER was in [redacted] and was planning to meet with [redacted]/1. BASTEAR accordingly suggested that RNSLIVER be debriefed by the undersigned the following morning. Accordingly I met with RNSLIVER for about one hour, from which meeting the following highlights seem worth recording:

A. I told RNSLIVER that we (WOFAC) had been interested in [redacted]/1 at the time that he was [redacted] for [redacted] concerning his dispute with the [redacted] of [redacted] but that we had lost track of him of late. Now that we are in [redacted]/1's home town, RNSLIVER was told that we and Headquarters would be interested in any information on [redacted]/1 which could be reported as a result of such meetings as RNSLIVER had had with him.

B. RNSLIVER said that he had told [redacted] that he would like to meet Ibrahim to gain some understanding of what was going on in the [redacted] particularly as it related to the Sino-Soviet split. [redacted] said that he thought that RNSLIVER would do much better by talking to [redacted]/1 whom he [redacted] said was one of the few people around from whom [redacted] could learn anything.

C. RNSLIVER met [redacted]/1 at [redacted]/1's house. RNSLIVER did not have a complete roster of those who were there to participate in what RNSLIVER described as a "political bull session". He remembered only (in addition to himself and [redacted]/1) of Matthew Mkoana and a girl from Mexico City named Sucesos, who he said knew a great deal about guerrilla goings-on in Venezuela and whose address he said was Calzada, Tacuboya 103, Mexico 18. RNSLIVER said that Mkoana said practically nothing throughout the evening, apparently because he found RNSLIVER's presence odd and unnerving.

D. RNSLIVER was as impressed with [redacted]/1 as [redacted] had predicted he would be. He described [redacted]/1 as remarkably knowledgeable concerning [redacted] in Western Europe and Africa. He said that [redacted]/1 had described his recent trip to [redacted] and [redacted] had mentioned that he had visited [redacted] that he knew Jacques Grippa, and that he intended to visit [redacted] in connection with the [redacted] and a possible [redacted] visit by Robert Williams.

**CONTINUING BRITISH IMMIGRATION PROBLEM**

Returning to London from [redacted] on 10 July, I was again queried by British Immigration about my failure to register as a permanent resident. My excuse has always been that I did in fact go to the Home Office, but no action was ever taken because I rarely remained in the country more than a month. However, this tale is wearing thin and I fear that I may have much more serious trouble in the near future.

It would seem to me that the best solution might be to become the official [redacted] or any other outfit that might have me. I would need a letter to that effect and would require a notional salary of about \$5,000 per year, I believe, but even this might raise questions from the British Inland Revenue.

Some advice on this problem would be appreciated.

*\* Must be at least £ 1000 yearly.*

E. RNSLIVER was particularly impressed by [redacted]/1's library of [redacted] books and pamphlets. RNSLIVER turned over to the undersigned for copying and return a recent issue of Williams' The Crusader, and a copy of [redacted]/1's own [redacted]. These were received with feigned interest, although of course we had earlier received the same items from RODIGAST (already forwarded to Headquarters).

F. RNSLIVER did not recall meeting Mrs. [redacted]/1, and did not know how many children [redacted]/1 had. He described [redacted]/1's house as attractively middle class. He was aware of the fact that [redacted]/1 had gone to Kenyon College and praised [redacted]/1's writing skills. [redacted]/1 showed him a number of articles he had written which RNSLIVER said completely followed the [redacted]. RNSLIVER was surprised that some of these articles had been printed in the United States in spite of their political orientation.

Conversation with [redacted] 25/4/67.

Tadeusz Horio phoned my home to tell me that ~~XXXXX~~ [redacted] who is spending a sabbatical year in Munich from MIT, wanted to see me. Later that evening, [redacted] and [redacted] arrived. Stella Joyce of Amnesty International and Matthew Mkoana also arrived unexpectedly. It turned out that [redacted] and Joyce had often talked over ~~XXXXXX~~ the phone, but had never met.

[redacted] told me that he had recently visited East Africa. In Dar es Salaam, he had met David Sibeko and Ahmed G. Ebrahim of the PAC (Pan Africanist Congress). He said his distinct impression was that PAC was on a strong pro-Chinese course. [redacted] said he had written to Mawa Mahomo's old address in London in an effort to contact him, but had learned later that Mahomo was now at ~~Kirkki~~ Kirkland House, Harvard University. He said he looked forward to talking with Mahomo when he went briefly to the USA in May.

[redacted] with Home Office people. Home Office people at the airport say, as long as he's properly documented (visa current and all that), they won't step on him (unless, of course, they catch him in passport defects). So as long as he keeps his nose relatively clean, he's okay. He doesn't need to worry until the Home Office comes to him; when that happens - if it happens, and that is unlikely, the way the British law works - he will look into things further. Tell him that having a British wife makes him immune to most out-kicking activities - as long as his nose is clean.

In fact, it is all fixed with the Home Office. They will not take any action against him without checking with JAGUAR, and they, of course, will check with us. [redacted] should not be encouraged to be flippant or sassy with the Immigration people, but he doesn't need to panic, either. He should behave in a reasonably straightforward and natural way - so he should not be encouraged to think we have "fixed" things for him.

I also discussed again with JAG the question of having him taken off the watchlist. They are willing to do so, if we want, but their overall still is that it is better for him to be watchlisted. There could probably be no better credential for him, if traveling with [redacted] or [redacted] or [redacted] or someone of that sort, than to get the business from the Customs or Immigration people. And, of course, he should, for our sake (security, and all that) be discouraged from carrying anything incriminating, and if he knows what he may be searched any time he comes or goes, that should help his discretion along.

Now, if, on the other hand, the airport harassment really gets to be too much of a burden, maybe we will want to review the situation. On the basis of the two incidents to date, however, a vote for leaving him watchlisted.

Let me know if you see any problems, or if there are any unanswered questions.

(Oh, yes: consensus is that he should not apply for permanent residence permit. If he wonders about it, Eddy should point out that in applying for one he would have to give some info about his income, etc., which he wouldn't have to do now. And, again, since his British wife is an ace in the hole, he doesn't have to volunteer that information; so he shouldn't.

URGENT

BRITISH IMMIGRATION PROBLEM

Returning to the U.K. on 15/3/67, I was warned by British Immigration at London Airport that I was spending more time in Britain than outside the country. The Immigration Officer inspected my passport closely, counting the number of trips I had made since getting that passport, which had been issued by the U.S. Embassy in London, on 1 December 1965. However, no explanation was asked for concerning the travel. I explained that I had intended to resettle in Switzerland or France and was spending so much time in Britain only because my wife, who was British, had been helping to take care of her elderly parents in London. I was told nevertheless that I should go to the Home Office and apply for temporary residence in Britain.

Before doing so, I would need to know:

- 1) whether I should in fact do so;
- 2) how should I describe my work, if any, and source of income.

At present, upon investigation, the British would learn that I have no visible means of income, except for perhaps for my Reports and [redacted] but nevertheless [redacted]

[redacted]

If I told the Home Office, I was a [redacted] I imagine they would demand some sort of bank or other financial statements, which would probably be examined by British tax authorities for possible taxation. Even if I say I have no employment of any consequence and maintain myself on income from investments made in Switzerland and elsewhere, I might have to verify that statement and pay some sort of British taxes. Considering the positions of my brothers-in-law, I doubt if either could get away with claiming to fully or partially support my family, although my brother-in-law [redacted] who is a Chartered accountant, has been deducting my children's school fees from his taxes by means of an educational trust fund, although he no longer pays anything towards the fees. I could say that I was the beneficiary of a tax-free U.S. fellowship, but <sup>this might</sup> ~~prove more cumbersome and dangerous than necessary, in the present circumstances.~~

In any case, I need advice on this matter urgently, as I suspect I may soon have to visit from the Home Office if I do not go to them voluntarily.

1. This memorandum requests your Agency's comments, on a priority basis, relative to improving the operational capabilities of SUGAR, a source of this Agency known to you, whose reporting on [redacted] we are forwarding on a continuing basis.

2. Despite our hopes and his efforts, SUGAR was unable to obtain an invitation to the [redacted] recently held in [redacted] which was a [redacted]. It is our belief that SUGAR's reputation of being [redacted] was responsible for his exclusion. In discussing this problem with important [redacted] in Europe recently, the latter suggested that his ability to secure access to such meetings would be considerably enhanced if he could obtain a "grass-roots" base or [redacted]. In reporting this suggestion--which strikes us as valid--SUGAR speculated on the possibility that he might attempt to become the [redacted] of the [redacted] of which he knows little but which seems, from what he does know, to be consistent in its outlook with his ostensible political orientation.

3. In this connection, we would very much appreciate receiving any information you possess on [redacted]. We would welcome particularly, [redacted] of this [redacted] which might be passed on to SUGAR without compromise to security considerations.

We would be most interested in receiving both your comments on this general movement of opinion in the United States, and your descriptions of the organizations associated with it which could enable us to provide information and guidance to CIAR for developing an association which would increase his operational access and effectiveness.

REF: A. PALP 5033 (IN 96553)

1. We have discussed the substance of the question raised in Ref B through the regular Headquarters channel with the ODENVY Rep here who has acted as a point of liaison for [ ] material in the past. We passed on, also, the materials which you prepared for the ODENVY representative with whom you are in contact in [ ]. We raised specifically the question of passing [ ] identity to the [ ] ODENVY representative, which you mentioned in Ref B, stating that, so far as KUBARK is concerned, we had no objections. The ODENVY representative here, however, thought that this might serve to confuse somewhat the lines of coordination for [ ] information, for which ODENVY headquarters has sole responsibility. We therefore felt that we should continue the present arrangement by which, in effect, [ ] identity is held here at the point where his material within ODENVY originates. He appreciated, however, your initiative in filling in the [ ] ODENVY representative on the targets which [ ] can service, thus alerting him to possible leads he might look into. He suggests also that we be kept aware of your liaison with ODENVY in the field to guard against false confirmation or other possible duplication which could lead to confusion here in those quarters of ODENVY responsible for processing the [ ] material.

2. With respect to [ ] discussed in Ref A, and Q's possible relationship with it, we will report separately.

In reply to the attached (Memo on Home Situation) Rodriguez told [redacted] /1:

1. We can't do anything about his housing problem in view of non-permanent nature of our present arrangement.

2. Avoid formalizing periodical at this point; it should require no authorizations for publication as it is merely a news correspondent's report, mimeographed for convenience—not a magazine.

3. In order to control content, Q alone should have responsibility for putting out issues— can't delegate to wife and above all to other contacts.

HOME SITUATION

My wife was rather hostile to my news about my contacts with the [redacted] She said she was sorry I couldn't work something out with [redacted] I hadn't done enough work for them because I was lazy, she said. She said if I weren't careful I'd be treated by the [redacted] just like [redacted] What future was there in that? she asked. Anyway, she added, I didn't really give a damn about the [redacted]

She pointed out the situation was difficult for us. The landlord in [redacted] was trying to evict us and we had no idea where we were going. I had no substantial funds from the [redacted] and was still living on the generosity of the Americans ([redacted]), she said.

Moreover, she was tired of being a grass widow. I was keeping secrets from her, she had been certain for sometime, she said. She had had enough trouble with my "secrets" in the past, she said.

However, she liked the idea of [redacted] reports, but was sorry about the "objectivity" and the 50 copies only limit. There was no reason, if I could get some help from the [redacted] that I couldn't make a success of the [redacted] and really be independent, she said.

I emphasized to her that I had had contact with the [redacted] without Hils' knowledge and that she should on no account ever mention the matter with him. She said that showed how the [redacted] treated people. Nobody was more honest than Hils, she added. What was happening to him now would happen to me one day, she said.

However, she was genuinely pleased with the [redacted] and spent some time trying to collect [redacted] I was preparing. She wrote herself a piece on X.C.A.R.D. (I have the feeling that a lot of her resentment would be dissipated if she would allowed to handle most of the business involved with the [redacted])

OFLA 3146/1

Subject: [redacted] /1 - Security at home

1. At his 17 November meeting with Rodigast [redacted] /1 (Q) was asked some questions concerning keep of files and correspondence. He keeps copies of all correspondence (except routine letters transmitting articles he has written, for example) in a file to which his wife has access. He maintains a minimum of questionable notes, and keeps his personal notebook (with addresses, expenses, etc.) in his coat pocket day and night.

2. His wife has two brothers. The one to whom Q owes money is Gordon, a chartered accountant, who during World War II was in British Military Intelligence. He visits the Q home to bring gifts from the wife's mother to the Q children, but has a cat-and-dog relationship with Q's wife; indeed, he will not stay for a meal because he can't stand talking to her, and the feeling is mutual. Q is certain she would never think of confiding in Gordon, for example to say: "Look at these awful letters Q has written!" Gordon is more likely to confide in Q himself. Gordon's politics are apparently solidly conservative. (His wife's other brother, less involved with them, works for Rank.)

[redacted]

4. Q wanted to get a lawyer's opinion on what regulations govern publishing a periodical in his country of residence (he is not of course officially a resident at all). Sensing additional costs and unnecessary formality, Rodigast suggested that he keep it on the basis of being a [redacted] not a separate [redacted] requiring eventual licenses or payment of business taxes, at least for the time being. Mailed first class, the material should require no permit from the mail authorities. A contact had suggested he might have difficulty with the locals (see report of Q's 15 November contact with WP).

MEMORANDUM OF ORAL COMMITMENTS

1 September 1965

TO: Director, DTRAMS  
VIA: Contract Approving Officer  
FROM: Chief of Station, [ ]/LCPIPIT  
SUBJECT: Engagement of [ ]/1, as Independent Contractor

1. Term and Project Charge. The subject individual has been engaged under oral contract as a developmental agent for an as yet unwritten Project involving KUMOLF and KUDSK and coordinated through ORPREY. Subject's salary and expenses are to be charged against the BOLINABLE Field Allotment per DIR 36066. The effective date of the oral contract is 1 September 1965, and it shall continue thereafter on a month-to-month basis subject to termination by, and at the convenience of, ODYCKE without prior notice.

2. Security Approval. Per CSI 10-5, [ ]/1 does not require a FOA (cf: DIR 15660), and OA not being requested pending establishment definite [ ] Project (cf: DIR 36066). LCPIPIT advised 2 June 1965 [ ]/1 granted clearance for LCPLUTTER (cf: DIR 15660).

3. Citizenship. The subject is not a foreign national.

4. Compensation. The subject will be paid \$600.00 per month. The subject will be advised that he must file a covert income tax return through KURASK.

5. Operational Expenses.

(A) The subject will be reimbursed for operational travel, except as noted in para. 8 below.

(B) The subject will be reimbursed for operational expenses, except as noted in para. 8 below.

6. Other Commitments. The following additional commitments have been made to the subject: "Since security conditions generally preclude the detailed accounting of miscellaneous travel expenses, per diem will be paid at the rate of \$20.00 during periods of authorized travel." Per Personal Ruling of Chief of Station, [ ]/LCPIPIT dated 12 July 1965: "If subject is absent from his home station on authorized travel for part of one day

and returns to his home station the night of that same day (i.e., if no hotel expense is involved in the sense of overnight accommodations), then he shall be entitled to draw 1/2 of his authorized per diem of \$20.00 (i.e., \$10.00). Per diem under the above terms will be paid except as noted in para. 8 below.

7. Contingent Obligations. No additional commitments have been made to the subject under this oral contract. However, in the original Letter of Agreement signed by subject 3 June 1965 and which expired on 31 August 1965, paragraph 4 stipulated: "ODYOKE will compensate you in an amount mutually agreed upon for the relocation of you and your family to a new residence if such a relocation is considered desirable by you and ODYOKE." Under the circumstances ODYOKE may have to supplement such funds as subject may receive for relocation from a target organization, institution, or government in order to defray such relocation expenses as subject may personally incur.

8. No commitments other than those stated above have been made to the subject. Moreover, in cases where travel and/or operational expenses and/or per diem are provided or furnished in money or in kind from other than ODYOKE sources, ODYOKE will offset such funds, goods, or services against the obligations assumed in the above oral commitments.

9. The substance of paras. 1, 4, 5, 6, and 8 (except as noted in the second sentence of para. 4) have been communicated to, and accepted by, the subject.

RESULTS OF INVESTIGATION

Professor JOHN K. GALBRAITH, Economics Department, Harvard University, Cambridge, Massachusetts, presently vacationing at his summer residence, Newfane, Vermont, advised on July 12, 1957, that applicant has been his secretary and general assistant at Harvard University for the past four years. Professor GALBRAITH said he highly recommends the applicant as to character, reputation and loyalty. He further stated the applicant is a first-rate person, very superior, intelligent, and well qualified for the position she seeks. Professor GALBRAITH stated he is aware of the position the applicant seeks in view of the fact that he recommended her for this position.

Professor GALBRAITH was investigated in 1950 as "JOHN KENNETH GALBRAITH, also known as J. KENNETH GALBRAITH, KENNETH GALBRAITH, Consultant-Appointee, Commodities Division, Office of the Director, Office of Industry and Commerce, United States Department of Commerce, Washington, D.C., - LOYALTY OF GOVERNMENT EMPLOYEES" under the provisions of Executive Order 9835. On March 2, 1951, the Civil Service Commission advised that JOHN KENNETH GALBRAITH resigned or otherwise separated from Federal service, prior to decision on loyalty.

ACTION REQUIRED - REFERENCES  
 REF. CIA-2341, 22 June 1965

- Subject to [redacted] Station views, Headquarters believes that [redacted] proposal in Reference is a good one and very consistent with our interests that he develop his access and acceptability within the circles of which Ref Iden A is a significant figure. We realize that the picture is a complicated one, and that Iden A of Ref may or may not yet prove to have the staying power of the successful [redacted] figure. At the same time, it does seem that he is the most [redacted] [redacted] today, and as such merits our attention.
- With regard to Reference para 4's concern about possible damage to our national interest by publication of the book in English, we tend to side with [redacted] in feeling that the support which such a publication might render to our enemies could not really be detected by the naked eye. Similarly, while agreeing with the sentiment that would critically scrutinize all proposals by new assets, we note that [redacted] is, indeed, supposed to be [redacted] among his former associates, and that Ref proposal does not, to our view, contain any hint which would suggest that in following out this line of action at our direction, he is motivated by any ulterior or concealed aim different from that which led us to impose the commission in the first place.
- We are attempting to get a rough translation done on a priority basis. [redacted] of course, should understand that such a translation will be unfinished, and should be carefully reviewed for the proper "feel," to rule out usage or interpretation which [redacted] with his background, would never have inferred from the French text. Nonetheless, as the document has come to hand only on 2 July, and given the holiday weekend, the limitation on the number of translators available, the existence of other translation assignments, and, finally, the pouch transit time back to [redacted] we regret that it will not be possible to get this product to RODIGAST for his 15 July meeting.

Dear Katzenbach,

I'm pleased you have received at least one of my letters, but I still wonder if you got a large envelope containing three letters which had been held and returned all at once. As one of the letters was rather detailed and dealt with matters of some importance, I'm rather disconcerted -- to say the least -- ~~it~~ to think that it may not have found its way to you. The envelope measured 8 by 5 inches and was light tan in color. A confirmation of its receipt would be appreciated.

Of course, I understood about the service, the [redacted] not being a definite thing. In any case, I am not looking for a [redacted] and that seemed to be one. It also gave me something to offer contacts ~~with~~ and would have strengthened my position considerably. At present, [redacted] is as light as the Emperor's new clothes.

Still no positive reply from any [redacted] in the States, and the general silence from my American "friends" is not very encouraging. Here, the situation is much better, and if I can get to [redacted] in good time, after visiting [redacted] and seeing some contacts in [redacted] my position will be better, but I still see myself representing the [redacted] or [redacted] and/or the [redacted] Mrs. [redacted] [redacted] even suggested that I do a short paperback book for them, gathering together the conference documents with an analysis. All of this is better than nothing, but it definitely isn't much.

On the other hand, for the future, [redacted] who has been [redacted] here, is returning to [redacted] to take over the [redacted]. He has suggested that I [redacted] for him, after the [redacted] and that I try to get to [redacted] to discuss future projects with him while I am in [redacted]. You well know what many [redacted] and [redacted] think of [redacted] at present, so there may not be much that we can do with this arrangement.

This afternoon, I saw [redacted] at the [redacted]. Until three months ago, he was at the U.N. He claims that [redacted] came to [redacted] last December and saw [redacted] about me and other matters, but that [redacted] was not convinced. He says he did not know that I was in [redacted] until recently -- this was our first meeting since the spring of 1964. Now, he proposes that he try to get the [redacted] the [redacted] for me. We will discuss the matter again at lunch next Monday. It would be a fixed post in [redacted] and I can't yet ~~see~~ fathom why he is willing to suggest me for the job. He claims he has not been in touch with [redacted].

<p>1. Career Agent Rufus F. As the [redacted] operation progresses, however, it is LCPIPIPIT's intention that those handling [redacted] /1 become more knowledgeable on the subject of the [redacted] than [redacted] /1, himself, as a means to ensure the best possible operational guidance to the agent and to provide another element of agent control--superior knowledge.</p>			
<p>2. LCPIPIPIT's limited files include two basic documents: Attachment to OPLM 630, and Book Dispatch No. 4463. We also have selected disseminations and reports on [redacted]. What would be most useful, however, would be a collection of reports and analyses, whether overt or covert, discussing the following topics: a) [redacted] and the [redacted] b) the [redacted] (the Headquarters TPRANSACK c/o has had a file on this [redacted]); c) the individual [redacted] and their leaders; d) operations of the [redacted] individually and collectively, out of such centers as [redacted] (at least up to 19 June 1965), [redacted] etc/.; e) [redacted] with, and operations out of, the [redacted] both [redacted] and [redacted] oriented; f) support and guidance of the [redacted] by [redacted] and selected fronts.</p>

Of special value would be a <u>bibliography of overt writing on the subject</u>, greatly alleviating the security problem and mere logistics of bringing RODIGAST and a large volume of classified reading together, in a secure environment, over an extended period.</p>

A source of this Bureau who has furnished reliable information in the past recently advised that during the Fall of 1966, a member of an Italian pro-Chinese Marxist-Leninist organization stated that one [redacted] was suspected of being a spy for the Central Intelligence Agency. According to this individual, [redacted] recently had been in [redacted] in the company of a female secretary from Paris, whose home is in New Rochelle, New York. At that time [redacted] remarked his travel and activities were possible because he had married a wealthy English woman. Other things were said which aroused the suspicions of the Italian.

According to our source, the Italian pro-Chinese Marxist-Leninist subsequently relayed his suspicions concerning [redacted] to Rene Raindorf, a member of the Central Committee of the Communist Party of Belgium (Marxist-Leninist).

[redacted] he had indicated the Belgian pro-Chinese communists would look into the charges of the Italian Marxist-Leninist.

PROVISIONAL OPERATIONAL APPROVAL

MEMORANDUM FOR: Chief,

CA/CF - [redacted]

NUMBER

201 - 302052

SUBJECT

REFERENCE: Your Memorandum, Dated

10 February 1966 [redacted] Lab

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. It is based, however, only on preliminary file checks and investigation and is subject to a further final review when all investigation is completed.

(2) Requirements passed to Subject will be confined, insofar as it is operationally feasible, to instructions for the refinement and completeness of the reporting he is capable of providing from his normal intercourse with source personalities. Disclosure of classified information will be held to a minimum, he will not be given operational assignments supporting or servicing other RUBARK Operations, nor will he participate directly and/or wittingly in the spotting and/or recruitment of other agents.

(3) In addition to this background, certain of Subject's past statements and behavior are inconsistent with, and give rise to an uncertainty about, the nature and degree of his presently professed motivations and loyalties. It is impossible to resolve this uncertainty with the knowledge now available. At the present time, therefore, it is believed that his bona fides have not been established to an extent which would warrant handling him in any way than "at arms length".

X To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. An Operational Approval will follow when all investigation is completed and upon the receipt of satisfactory PRQ Parts I and II. Cancellation must be requested if use of Subject by interested Divisions ceases.

APPROVAL	
BY	DATE
CI/OPERATIONAL APPROVAL AND SUPPORT DIVISION	23 May 1966

Continuation of PCA - 201 - 308052 - 23 May 1960

(4) This case has been discussed in detail on several occasions between representatives of CI/CA, CI/ICG, and CA/CR and there is agreement that it is primarily because of Subject's background and contacts that he is of interest and, therefore, it is believed, if he is handled with circumspection, the possible benefits to be derived justify the security risks involved in the use of Subject within the limits set forth above.

(5) Polygraph is recommended at least once a year.

She indicated a desire to work with Q (without quite knowing for whom she would be working—he hinted rather broadly to her that he was in cahoots with "our friends in the East," but it will be noted that in one of her letters there is this disarming phrase: she warns him about how to deal with certain persons and adds: "Be cool with them—do not show your true colors (whatever they are)").</p> <p>3. 4. Q feels that she is emotionally unstable--his firmness in dealing with her, his making it clear he was not out for her body, have made him a guardian and true friend. She seems to be a good political reporter, understanding her own (confused) political yearnings and where her various contacts stand; she also seems to have a good memory for details. Q says that her "anti-revisionism" is incipient anti-Communism. He could eventually recruit her as an ODYSSEY witting agent, but that would take a lot of time and trouble; with much less effort he could effect a [redacted] and indeed, he has already done this on an informal basis by making it clear that he was [redacted] for his [redacted] friends. She would undertake further assignments for him. He actually asked her, "Suppose I asked you to go somewhere, would you go?" To which she replied, "If it's not cold." It is unlikely, however, that she would be able to return to [redacted] because of [redacted] hostility. Wherever she goes, her main asset will be her physical attraction.

5. She could be debriefed further on any point raised in the tape interview. The ideal would be to have the questions by the time Q goes to [redacted] in the second half of April, but this does not seem to be a likely possibility.
